Korea Institute of Dermatological Sciences

How To Use

- Home care**
You can use it alone or mix 2-3 drops of EXO-SOLUTION with your cream and gently massage it into the skin. This helps deliver deep hydration to the skin, so it will effectively improve skin moisturization
- Professional**
Using EXO-SOLUTION with devices such as V-Roll, Sono Duo, and Hyper-jet, along with ultrasound or MTS devices, can enhance skin elasticity, smooth the texture around the pores, and maximize the effects
