Our products were specifically developed to be the **brand of choice of all beauty clinics: medical, aesthetic and spa.** elementrē dermo cosmetics accompany and enhance the results of all aesthetic procedures – for all skin problems:

- Ageing skin
- Congested, oily and acne-prone skin
- Uneven and pigmented skin
- Dry and sensitive skin

ONLY THE ESSENTIAL

We strive to offer you the right **power-ingredient** and the right protocol, so that your skin condition can be improved rapidly.

1. Identify skin problem
2. Select star ingredient
3. Achieve visible results

SIMPLE 3-STEP PROTOCOLS

We believe that achieving beautiful skin can be easy and affordable for all. This is why we have developed simple 3-step protocols, using only essential products and ingredients to achieve significant and long-lasting skin improvements. **Less but better.**

- 1 - PREPARE** the skin with comfortable cleansers and gentle peels – to effectively remove makeup and dead skin while leaving the skin hydrated.
- 2 - CORRECT** skin problems with concentrated serums – to target and improve wrinkles, pigmentation, uneven and acne-prone skin.
- 3 - ENHANCE** skin vitality with high-performance creams – to deeply hydrate, nourish and restore suppleness.

— DERM COSMETICS —

3 ESSENTIAL STEPS FOR BEAUTIFUL SKIN.

1 - PREPARE

2% GLYCERIN MICELLAR WATER

Effectively removes make-up and cleanses skin.
Your skin is cleansed and feels appeased.

Use:
Daily, morning and evening.

3.5% GLYCERIN CLEANSING GEL

Effectively removes make-up and cleanses skin.
Your skin is cleansed and feels fresh and hydrated.

Use:
Daily, morning and evening.

3% PAPAYA ENZYME PEEL GEL

Gently exfoliates the skin, removes dead cells and excess sebum.
Your skin is refreshed and feels smooth.

Use:
2 to 3 times a week.

2 - CORRECT

0.5% RETINOL REVITALIZING SERUM

Promotes skin turnover and improves complexion texture.
Your skin is revitalized and glows.

Use:
Evening only.
Every 1 to 2 days.

15% VITAMIN C BRIGHTENING SERUM

This complex of 3 forms of Vitamin C boosts skin complexion.
Your skin is radiant, harmonized and brightened.

Use:
Morning or evening.

5% GIGA-WHITE RADIANCE CREAM

Targets pigmentation and gently exfoliates the skin.
Your skin is harmonized, and pigmentation is less visible.

Use:
Daily, morning or evening.

3 - ENHANCE

6% NIACINAMIDE & HYALURONIC ACID NOURISHING CREAM

Hydrates and restores skin comfort.
Your skin is replenished and smoothed.

Use:
Daily, morning and evening.

8% PEPTIDES & HYALURONIC ACID LIFTING CREAM

Hydrates and energizes the skin.
Your skin is restored and tightened.

Use:
Daily, morning and evening.

STAR-INGREDIENT POWER

Star ingredients are selected to deliver immediate visible results. Their efficacy has been scientifically proven. Optimal concentrations are integrated into the formulae for visible results on the skin.

RETINOL

REJUVENATING

Improves skin texture by prompting surface skin cells to turn over, making way for new cell growth underneath. Retinol also neutralizes free radical to boost the production of collagen and elastin, reducing the appearance of fine lines, wrinkles, and pores.
Skin indication: Signs of skin ageing. Congested, oily and acne-prone skin.

VITAMIN C

BRIGHTENING

A powerful antioxidant and anti-inflammatory nutrient that improves the skin tone and texture, reduces the signs of skin ageing, and hydrates the skin. It also brightens complexion and protects the skin against sun damage caused by sun exposure (photoageing).
Skin indication: Signs of skin ageing. Uneven skin tone and excess pigmentation.

PEPTIDES

LIFTING

Act as messengers and trigger the skin cells to build collagen and elastin, resulting in firmer and plumper skin. Peptides also help reduce the appearance of fine lines and wrinkles. They soothe and reduce skin inflammation, and lock in hydration.
Skin indication: Signs of skin ageing, wrinkles and sagging skin. Sensitive Skin.

GIGA-WHITE

LIGHTENING

A skin lightener derived from plant extracts. It targets multiple steps in the skin pigmentation process: the production of melanin and the interception of its migration to the upper skin layer. The skin looks more luminous, and the pigmentation is less visible.
Skin indication: Uneven skin tone and excess pigmentation.

NIACINAMIDE ANTI-INFLAMMATORY

A form of Vitamin B3, an essential nutrient. Niacinamide improves the skin structure and smoothes out wrinkles. This active also has an anti-inflammatory effect, keeps the skin smooth and moisturized. It protects against environmental stress and sun damage.
Skin indication: Signs of skin ageing. Uneven skin tone and excess pigmentation. Congested, oily and acne-prone skin. Sensitive skin.

HYALURONIC ACID MOISTURIZING

This star ingredient effectively increases the skin moisture and reduces the appearance of fine lines and wrinkles. It also soothes skin redness and dermatitis and is a powerful agent in speeding up wound healing.
Skin indication: Signs of skin ageing. Uneven skin tone and excess pigmentation. Congested, oily and acne-prone skin. Sensitive skin.
